- Adams, Thurston R., and Roger D. Scott. Gastrojejunal fistula, 377
- Abdomen, wounds, penetrating, analysis of 311 cases, 123
- Abdominal repair of hiatal hernia, study of 138 cases, 889
- Adenoma
- Colon and rectum, importance of early detection, 515
- Oxyphilic granular cell, occurrence in parotid gland, report of case, 735
- Parathyroid, report of case, 354
- Single, thyroid gland, incidence of carcinoma, extent of surgery, 799
- Adkins, Paul C., and Brian Blades. Pectus excavatum, 571
- Adrenocortical reserve in chronically ill surgical patients, identity, incidence, 547
- Adwan, K. O. See Shires, 431
- Adwan, Kenneth O., Forrest E. Lumpkin, Jerry A. Stirman, and Ben J. Wilson. Treatment of peritonitis of appendicial origin with and without intraperitoneal Terramycin, 452
- Albamylin, treatment for surgical infections, 361
- Alimentation, intravenous, reaction to fat emulsion, 556
- Anderson, E. V. See Morse, 112
- Anderson, H. O. See Marsh, 273
- Anesthesia, use of cardiac monitoring systems, 647
- Aneurysm, dissecting aortic, new surgical problem, 381
- peripheral, treatment, 233
- Ankylosis, temporomandibular joint, management by arthroplasty, 474
- Antibiotic resistance, historic approach, 23
- Antihistamine, use in treatment of interstitial cystitis, report of 2 cases, 664
- Aorta
- abdominal, mesenteric thrombosis complicating occlusive disease, case report, 315
- dissecting aneurysm, study of 13 cases, clinicopathologic features, 381
- insidious thrombosis, surgical treatment, 201
- thoracic, rupture, spontaneous and complete, case report, 504
- Apnea, postoperative, respiratory insufficiency, role of relaxant drugs and other etiologic factors, review of 37 patients, 952
- Arenson, N. See Morse, 112
- Arnsperger, L. A. See McCall, 526
- Arterial substitute, clinical application of new flexible fitted Dacron, advantages, 862
- Artery
- ligation, bilaterally, result in control of post-transurethral prostatic resection hemorrhage, 193
- pulmonary, congenital absence or hypoplasia, 287
- injection of carcinolytic drugs, temporary occlusion of lung blood supply, 492
- visualization, technic, 7
- Arthropathy, Charcot's spine, reversal with complete bone and joint healing after solid extra-articular fusion, 3 case reports, 896
- Arthroplasty
- reconstruction of metacarpophalangeal joint by metal hinge, 562
- technique for ankylosed temporomandibular joint, 474
- Arthur, W. J., P. H. Lorhan, and J. M. Hansen. Dolitrone: clinical appraisal, 171
- Artz, Curtis P. Practical techniques in care of burn wound, 593
- Back injury, orthopedic, muscle relaxants, management, 350
- Baker, Stanley C. Congenital hypoplasia of gall bladder, 537
- Beard, M. F. Transfusions (editorial), 198
- Beasley, Luther A., Jr. See Shelton, 395
- Belisle, Charles. See Stallworth, 700
- Bell, Austin H. See Munnell, 267
- Biliary lipoprotein complex, gallstone formation, relationship, 45
- Biliary tract surgery, avoidance of unusual complications, 5 case reports, 714
- Billroth I gastrectomy, use for treatment of duodenal ulcer, study of 96 cases, 922
- Biopsy, simple skin, role in uncertain inflammatory carcinoma of breast, 836
- Bishop, Clarence A., and Eugene T. Hansbrough. Congenital absence or hypoplasia of a pulmonary artery, 287
- Blades, Brian. See Adkins, 571
- , and Emmett R. Hall. Preliminary observations on injection of potentially carcinolytic drugs into pulmonary artery with temporary occlusion of blood supply of lung, 492
- Blood volume studies in experimental hemorrhagic shock, treatment by hypothermia and chlorpromazine, 978
- Bone
- anatomy, physiology, clinical applications in modern fracture management, 461

- repair, clinical applications in modern fracture management, 461
- Books, influence on education of surgeon, 787
- Boone, Thetford B. See Spence, 423
- Bowel, small obstruction, caused by degenerating cavernous hemangioma, 499
- Boylston, B. F., and Charles R. Stephenson. Surgical treatment of Charcot's spine: reversal of Charcot's arthropathy of spine with complete bone and joint healing after solid extra-articular fusion, 896
